---

## **Location**

Wallace, SC

---

## **Certification Period**

June 2015 - June 2016

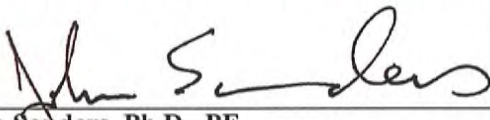

---

## **Certification Number**

CEC-005-6

---

Recognizing a commitment to preserving and improving the environment, the named Company has achieved this independent third-party certification of the recycled content and/or its use of renewable energy sources for its products per the attached description. This certification was awarded in concert with guidelines in the *USGBC's LEED™ Green Building Rating System*, *NAHB's Model Green Home Building Guidelines*, and the *ICC 700-2008 National Green Building Standard*, in consideration of *ISO 14021 Environmental Labels and Declarations*, and according to the *Policy on Certifying Brick as an Environmentally Preferable Product of the Brick Industry Association*. This certification is subject to an annual renewal based on an audit of the Company's environmental practices.

John Sanders, Ph.D., PE.,  
Director
